## **PERSONAL**

**Date of Birth:** April 22, 1995

**Place of Birth:** Mbeya, Tanzania

**Citizenship:** Tanzanian

**Marital Status:** Single

## **BRIEF PERSONAL PROFILE**

I am a hardworking and ambitious individual with a great passion for Research and development at large. I have a Master's degree in Economics attained from the University of Dar es Salaam. I have thorough and rigorous training in the field of Economics, and well equipped with excellent analytical and Econometrics skills. I am conversant in using STATA, R and SPSS packages which are useful in data analysis. I can do better with RCT methods as one of the skills attained after taking the course of Policy Impact Evaluation at the University of Laval. Putting our hands together in making the World a better place for us.
