III. Current employment				**IV.**
Date	**Employer**	**Post**	**Location**	**Client**
From oct. 2023	Vanguard Economic	Consultant lead Consultant	Kigali/ Nyarutarama	Heifer
Main Responsibility: Leading				

- Conducted a comprehensive value chain analysis of the dairy, meat, and horticulture value chains in Rwanda.
- Identified market dynamics and opportunities.
- Assessed and mapped the supply and demand of services in targeted areas.
- Identified system constraints hindering the efficiency and effectiveness of the dairy, meat, and horticulture value chains in Rwanda (with emphasis on the demand/processing side).
- Identified critical support functions and regulations relevant to advance the competitiveness of the dairy, meat and horticulture value chains and any gaps that must be filled to sustainably transform the sectors into profitable businesses (especially for the producers) that create jobs.
- Outlined the comparative and competitive advantages of the selected value chains in line with

demand-supply gap, sales/revenue, market size, market efficiency, distribution channels etc.
